

Welcome

Social Enterprise Network Event
Doncaster Road, Wakefield
WF1 5HL Date: 10th July 08
Time: 10am - 6pm
EVENT FREE TO THE PUBLIC

Welcome to Campitor-St Catherine's Co-operative. We specialise in the development of viable and sustainable social enterprises. At Campitor we believe that we can create and provide unique services that inspire people and organisations throughout the region, realising aspirations and providing a better quality of life and equality to all. As part of our ongoing commitment to the investment of people and communities, we are spearheading a number of events designed to raise awareness and support capabilities.

The following exhibitors will be appearing at the event -TO AVOID DISAPPOINTMENT BOOK EARLY.

Campitor offers a unique blend of atmosphere, technology and service providing the perfect venue for conferences and training events. We have a variety of rooms available depending on your needs. These range from smaller rooms for informal meetings, to our Training Suite which provides guests with a self-contained wing of the building for when privacy and flexibility is paramount. All of our rooms are fully equipped and can be arranged in the layout of your choice.

Campitor Community Jobpoint has emerged as a result of the lack of provision of support services to the most vulnerable in the workforce. We aim to provide a non-threatening and non-judgemental service to those seeking employment and training. We provide assessment, support and training needs analysis for a range of client groups but specialise in youth disaffection, incapacity and particularly mental health support.

Youth Forward building on a track record stretching back 15 years. Youth Forward has developed out of the face-to-face work in the community surrounding the St. Catherine's Church Centre. Youth Forward facilitates the expansion of youth development and informal education across West Yorkshire from its own project-base. The most recent of which is a major 5 year initiative in North Halifax.

Campitor Social Care has provided support to elderly people in the St Catherine's Church Centre for over 11 years. Over time our services have developed from community volunteering, through to a developing partnership in service delivery with the Wakefield Metropolitan District Council to taking on a full contract for the delivery of elderly day care services.
